Subject:- Hours of supply at Athni.

Forwarded to the District Magistrate, Belgaum, for favour of remarks whether, in view of the plague epidemic, supply of electric power throughou the night is considered essential at Athni.

By order of the Governor of Bombay,

Sd/- D.N.Darwoala,

For Deputy Secretary to the Government of Bombay, Public Works Department.

D.A.- Petition dated the 15th December 1945 from the citizens of Athni.

DBL
21/12
21/12/45

The Deputy Secretary to the Government of

Bombay, P. & D. Department,

Secretariat,

Respected Sir,

We, the undersigned, citizens of Athni, in the Belgaum, District, beg to lay the following lines hoping that they will be considered sympathetically and early orders redressing the grievance issued.

The epidemic of plague is raging in the town of Athni and people are fast vacating the town. There is unprecedented famine in this part of the country, rendering the population in paucity of food and clothing and as such dacoties are on the increase, and especially they are on the increase in the town as people have vacated and houses are vacant and at the mercy of the dacoits. As people have gone to put up in huts, it is but natural that they should leave their belongings - even valuable articles - in their houses in the town. Being rationed area, supply of karosene is restricted and lights cannot be burnt during the whole night, for the quantity of units supplied are very meagre.

The town is fitted with Electricity and lights are supplied in various parts of the town as also on the public roads. But on account of restriction requiring the Electric Company to allow lights till 12 ~~xxx~~ P.M., the rest of the night will have to be without any lights. But as things would have it, the favourable time for dacioties is generally from 12 P.M. onward and they are more facili-tated on account want of lights in the town during that part of the night.

Now that the War is over, we pray that orders be immediately issued allowing the Electric Company to light lamps in the town all the 24 hours of the day, or if it cannot be done for the present, they be permitted to

light lamps ~~xxxxxx~~ throughout the night at least, by which, we believe, there will be less possibility for crimes and dacoities in the town.

For this act of kindness, we shall, as in duty bound, ever remain grateful.

We beg to remain,

Sir,

Your most obedient servants,

Athni.

Date 24th Dec. 1946.

To,
The Deputy Secretary,
To the Government of Bombay,
Public Works Department, Secretariat, Fort,
B O M B A Y.

Sir,

Re: Protection from obligations under the terms of license . Athni Electric License. 1940

With reference to the letter No.LRM 31/2208 of 1946, dated 13th September 1946, from the Electrical Engineer to the Government of Bombay, P.W. D. desiri us to state the position of our present plant and equipment at Athni, with a view to see whether we can carry out the obligations under the above license we beg to state that we had replied by our letter Nos. PN.161/46-47 dated 26th September 1946, and PN.171/46-47 dated 27th September 1946, and had requested him to give us the necessary protection from the obligations on account of the inadquacy of plant and the inavailability of the spares required for the general upkeep there. We had received the above menticned letter from the Electrical Engineer some what late on account of postal delay, the letter being addressed to the Athni Branch and thence redirected tc us. It seems that our request was not in hand in time and our name appears in the list informing that the restrictions on working hours have been removed and the obligations under the terms of the license come in force.

We have now to request you to give us the necessary protection from the said obligations, till we are in receipt of the plant and machinery ordered out by placing orders on forward delivery. Our present plant position is as under:-

(1) 9no 20/22 B.H.P. Ruston Engine with 12 K.V.A. Asea Ele.CO. Alternator.

(2) One 18 B.H.P. Cooper 'CE' type engine with 12 K.V.A. rebuilt alterne By Messrs. Sharif Electric Works, Bombay.

(3) One 65 B.H.P. Second hand Ruston 'CC' type lamp start engine with 66 K.V.A. Crompton Parkinson Alternator, which is to be replaced by 35 K.V.A.G.E.C. Alternator which has now arrived.

Out of the above Sets, the 12 K.V.A. Ruston engine Set is not working as the Engine Head has developed cracks in the castings and has become -- unworkable.

The Rotar of the 12 K.V.A. Rebuilt Alternator is burnt and we are running the show by temporarily installing 50 K.W.G.E.C. alternator.

The 65 B.H.P. Second hand engine is not properly working, which needs

LIGHT & POWER SUPPLIERS, LTD.

PN446
46-47

replacement of spares, and which consumes big quantity of fuel and lubricating oil, nearly three times that of normal consumption and we are running the same at a heavy loss.

From the above facts, it will be clear that we are trying our level best to keep the power house running. The spares required have been ordered out through Messrs. Greaves Cotton and Co, Ltd, and request has been made to get the spares by Airmail, if the said be possible. Thus every effort is made to keep the Power House running for 6 hours i.e. from 6-30 P.M. to 0-30 A.M.

We had placed orders with Messrs. Drewet Chowna and Co, Bombay, for one 50 B.H.P. Tangye Engine and one 35 K.V.A. English Electric Alternator out of which the Alternator has arrived, while the engine, the delivery of which was expected in December 1945, the latest, has no trace of it. We have placed orders for forward delivery for one 134 B.H.P. Ruston Engine and one 156 B.H.P. Ruston engine, with Messrs, Greaves Cotton and Co, the delivery of which is expected in June 1947, the latest. We have got in our stock suitable alternator for the 134 B.H.P. Ruston Engine, and we are placing our order for Suitable Alternaotr for the 156 B.H.P. Ruston Engine, the delivery of which is also expected in June 1947.

Under the circumstances, we will not be in a position to undertake 24 hours working as per the obligations, under the terms of the license, nor shall we be able to take any additional load till we get the machinery booked on forward delivery orders. We expect to get the said delivery in June 1947 and we expect to be in a position to fulfil the said obligations after the end of 1947.

We have therefore to request you, to kindly give us the necessary protection from the obligations under the terms of the said license.

Yours faithfully,

For the Light and Power Suppliers Ltd,

Krishna V. Desai

Subject: Restriction in the use of electricity.

Reference: Paragraphs 3 and 4 of Government Circular, Public Works Department,No.8224/36-El.(II),dated the 30th November 1946.

2. Several Licensees have since applied to Government for restricted hours of supply of electric energy for reasons such as inadequacy of plant, non-availability of spare parts , want of motive power load, etc. After careful consideration,Government has decided to restrict the hours of supply in respect of the Electricity Supply Undertakings, as shown in column 3 of the sub-joined statement :-

Name of Undertaking.	Existing hours of supply per day.	Decision of Government.
District Surat.		
1.The Udwada-Vapi Electric Supply Company.	12½	The hours of supply at Udwada should be restricted to 12½ hours per day,i.e., from 6 P.M. to 6-30 A.M., and the hours of supply at Vapi should be extended to 24 hours.
District Belgaum.		
2.The Nipani Electricity Company.	12½	The hours of supply should be restricted to 16 hours from 4 P.M. to 8 A.M.
3.The Light and Power Suppliers Limited, (Athni).	6	The hours of supply should be restricted to 6 hours per day.
District Thana.		
4.The Palghar-Navli Electric Supply Company.	12½	The hours of supply should be restricted to 12½ hours per day.
District Dharwar.		
5.The Byadgi Electric Supply Company.	6	The hours of supply should be restricted to 6 hours from 6 P.M. to 12 midnight. The Company should,however, be asked to make immediate arrangements to install an additional set so as to fulfil its obligations to the existing as well as prospective consumers.

Name of Undertaking.	Existing hours of supply per day.	Decision of Government.
6. The Ranebennur Electric Supply Company.		The hours of supply should be restricted to 6 hours per day, the actual hours being fixed according to local conditions and the requirements of the Ranebennur Municipality for the street lighting.
7. The Haveri Electric Supply Company.		The supply should be restricted from 6 P.M. to 12 midnight and in accordance with the Haveri Municipality's street lighting schedule.
8. The Gadag Electric Supply Company.	12½	The Company should be allowed to give supply only during the night time, i.e., from Sunset to Sunrise. It should, however, be asked to make early arrangements to install an additional set so as to be able to fulfil its obligations to the existing as well as prospective consumers.
District Satara.		
9. The Allied Electric Agencies Limited (Koregaon).		The hours of supply should be restricted to 12 hours per day during the night time, the actual hours being fixed by the District Magistrate according to local conditions.
10. The Karad Electric Supply Company.	19	The hours of supply should be restricted to 19 hours from 4 P.M. to 7 A.M. and from 8 A.M. to 12 Noon.
District East Khandesh.		
11. The Savda-Faizpur Electric Supply Company.	12½	The hours of supply should be restricted to 16 hours from 6 P.M. to 10 A.M.
District Kolaba.		
12. The Matheran Electric Supply Company.	12 hours during the months of October, November, December, April and May and upto the 15th June and 6 hours during the remaining period of the year (vide the District Magistrate's Corrigendum No. P.O.L.S.R.II/1.43, dated the 26th November 1946).	The existing hours of supply should be continued.

3. You are requested to issue appropriate orders under clause (a) of sub-rule (2) of rule 81 of the Defence of India Rules as continued in force by section 2 of the Emergency Provisions (Continuance) Ordinance,1946, fixing the hours of supply as indicated above in respect of the Undertakings within your jurisdiction, and to forward copies of the same to Government and to the Electrical Engineer to Government for information.

4. The Electrical Engineer to Government is requested, where necessary, to take action to increase the quota of diesel oil in respect of the above-mentioned Undertakings.

5. These orders are in supersession of all orders issued on the subject from time to time in respect of the Undertakings mentioned above.

By order of the Governor of Bombay,

G. V. Pandit,
Deputy Secretary to the Government
of Bombay, Public Works Department.

D.A:Nil.

Copy forwarded for information to -

the Commissioners of Divisions,
the Electrical Engineer to Government.

2. The Electrical Engineer to Government should, please, make arrangements, where necessary, to increase the quota of diesel oil in respect of the Undertakings mentioned above and report the fact to Government.

3. The Electrical Engineer to Government is also requested to see that the Supply Companies concerned take necessary ~~xxxxx~~ steps to bring their plant up to standard with the minimum delay possible.

Copy also for information to the Secretary, The Association of Electrical Undertakings, Bombay Province.

2/- The orders referred to in the ~~letter~~ that the D.M., Belgaum, was directed to issue could have been issued under the provisions of the D. of D. Rules as continued in force by the provisions of the Emergency Provisions Continuance Ordinance, 1946. However, this Ordinance having expired in March last, there does not seem any other power authority under which the proposed order can be issued. The D.M., Belgaum, may not, therefore, be further requested to issue the order, but the decision on file No. 6224/36 in which this question has been raised, may be awaited.

Below U.O.N. No.8224/36/10510, dated the 19th August 1947, from Government in the Public Works Department.

No.LSM.31/1838 of 1947. Bombay, 27th August 1947.

Returned, with compliments.

2. There has been so far no change in the circumstances which necessitated the restriction in the hours of supply in respect of the Supply Companies mentioned in para.2 of the Secretariat office note at pages 103-104. These Companies have not yet secured the additional generating sets for which they have placed orders long ago and, in view of the bad condition of the existing plant, it is not advisable to run it for longer hours, specially during the day time when there is practically a very small load available. I, therefore, consider that in the interest of the plant the Companies referred to above may be allowed to continue the restricted hours of supply, as sanctioned in Government, Public Works Department, letter No.8224/36-El.(ii) dated 10th March 1947, at pp.93-96 ante, by issuing an executive order, - vide in this connection para.3 of Government, Public Works Department, letter No.8215/36-El.(ii) dated 21-10-1946.

Resubmitted with ref. to O.N. p.39 dated the 3-9-47.

2/- On the general case re: restrictions in the use of ely. (file No.8224/36) - it has since been decided that restrictions on the hours of supply, where necessary, shd. be imposed by an executive order. In this case the El. Engr. to Govt. has recommended that the hours of supply as fixed by Govt. in ~~G.L.~~ No. G.L.No. 8224/36-El.(II), dated the 10-3-47 for this station may be allowed for some time. The report p.41 submitted by the El. Engr. is dated the 27-8-47. The El. Engr. to Govt. may, therefore, if approved be requested to state whether supply in the case of Athani may be restricted for 6 hours per day only. He may also be requested to offer his remarks on the fixation of actual hours during which the supply shd. be permitted.

x will be put up if reqd

Below U.O.R.No.6945/36/3414 dated the 26th November 1947, from Government the Public Works Department.

No. L.101/3061 of 1947.

Bombay, 18th December 1947.

Returned, with compliments.

2. The existing generating sets at the power house are in a very bad condition and the requisite spare parts for the same are not yet available. It is not, therefore, in the interest of the plant to run it continuously, as it is likely to cause a breakdown, and the hours of supply should be restricted till such time as the new sets for which the Company has placed orders are installed and put into commission.

3. The Company has been giving twelve hours supply since October 1947, as required by the terms of the street lighting agreement with the Municipality, and it is therefore suggested that the supply may be restricted to 12 hours instead of six hours, and the actual hours of supply may be fixed from 6 p.m. to 6 a.m.

Dear Sirs,

I am directed to state that the Emergency Provisions (Continuance) Ordinance 1946, having expired, the orders of the D.M., Belgaum, restricting the hours of supply by your Undertaking are now no longer in force. However, in view of the present condition of your Plant, Govt. is pleased to permit you ~~not~~ until further orders to restrict the supply to 12 hours per day the actual hours being fixed from 6 pm. to 6 am. next day.

D.A - Nil.

Yours faithfully,

To,

The Deputy Secretary to the Government of Bombay,

Bombay.

Sir,

We are running Power Houses at Palagar-Navli in Thana District, at Aundh in Satara District and other places. Our present hours of running our Power Houses are from 6 P.M. to 6 A.M. The present circumstances on account of the restrictions on tanker waggns the agents of Burmah Shell and Standard Vaccum Oil Co. report their inability to give regular supply of Crude oil. The names of the agents of Standard Vaccum Oil Co. at Palgar Ry. Station is Messrs: Motilal Laxmidas & Coy. and the name of the agent at Rahimatpur Station of the Burmah Shell Co. is Kalidas & Sons, Satara City. This being the case we are handicapped time and again, in the regular supply of energy for the above mentioned hours. We have already brought this fact to the notice of the District Magistrate and the Electrical Engineer to the Govt. of Bombay and have informed them to the effect that may we may have to restrict the supply to a lesser number of hours to avoid a complete break down due to the shortage of oil.

The Electrical Engineer to the Govt. have on their part directed us to approach you and seek redress regarding the insufficient supply of Crude oil. He has also directed us to bring to your notice the possible necessity of restricting the hours of supply to a lesser period on that account and seek permission to that effect to enable us to reduce the number of hours of

50 2C

. We, therefore, pray that necessary arrangements be ither to supply us with a necessary and regular quota or to permit us to reduce the supply of period.

We also pray that we may be allowed to reduce the ber of hours as a precautionary measure so as to enable us to build up a stock of Crude oil as a stand by in case, an emergency arises. We also wish to bring to your notice that we have tanks of the capacity of 18 tons of Crude oil in our ower Houses. Hence the request.

We earnestly await the reply.

Your most obedient servant,

For Light and Powers
Suppliers Ltd.,

K.V. Sane

Manager.

Our Ref. PN-S-840 / 50-51 *Your Ref.*_____ *Date* 12th Feb. 1951

To
The Secretary to the Government
of Bombay, P.W.D.,
Secretariat, Fort, Bombay

Subject: Scarcity of Crude oil

Ref: PNR-S-795 / 50-51 dated 31st Jan. 1951

Dear Sir,

With reference to the above, we beg to state that from the point of economy and saving of Crude oil, we beg to suggest curtailment of working hours that exist at present. The Power House at present works from 5 P.M. to 7 A.M. approximately. and it is reported from the R.E. Athni Branch to the effect that they have to hunt for the stock of Crude oil and that the Power House is kept running in such manner by trying to secure one barrel every time from different company's oil

4 3/60

Agents each time. It is reported that this is due to the shortage of transport facilities to the respective Agents.

We have therefore to request you to adjust the working hours as may suit our requirements from time to time, preferably from 5-30 P.M. to 12 mid-night. We shall try to continue and adhere to the already existing schedule of time till we can do so.

Please therefore accord your approval as suggested by us.

Yours faithfully
For-The Lights & Power Suppliers Ltd.
